BRAECREST STALL SERIES PARTITIONS

Choosing partitions often depends on a few factors, such as the desired level of socialization between stalls, ventilation requirements, whether you require the option to change the size of your stalls as needed, and of course, personal preferences.

Grilled partitions are a great way to provide stalled horses with socialization and entertainment. They are an easy way to increase ventilation, thereby reducing the risk of respiratory issues in stalled horses. **Privacy partitions** provide all the benefits of grilled partitions, but also gives horses the option of socialization or privacy, which can be especially important during mealtimes. **Solid partitions** are often used in aisleways, in stalls housing stallions, and in quarantine barns. They are best used in well-ventilated facilities. You can also opt for a solid partition to directly eliminate defensive behaviour between stalled horses.

Feel free to contact us by phone or email to speak with one of our experienced sales reps about your partition options. They will ask you questions about your horses and barn, then direct you to the best options for your operation.

Grilled Partition

Includes: 2x 46" u-channels, 2x 46" wall braces, 2x grill brackets, 1x grill section kit to make up the 10' or 12' grill section. Screws included.

Wood requirement: 12x 2x6 boards (inside channel measurement is 1.5") x length of partition

Grill lengths available: Length made to order, not to exceed 12'. For longer grills consider putting a post in the middle.

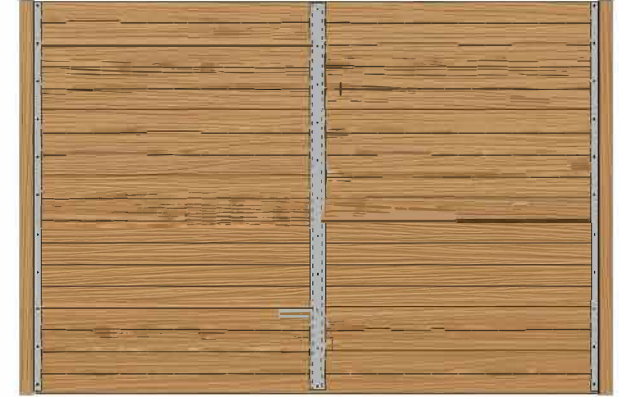

45" **Privacy Partition**

Includes: 2x 46" u-channels, 2x 46" wall braces, full length grill work with privacy panel, 1x grill bracket. Screws included.

Wood requirement: 10x 2x6 boards (inside channel measurement is 1.5") x length of partition + 9x 2x6 45" boards

Solid Partition

Includes: 2x 94.5" u-channels, 2x 94.5" wall braces. Screws included.

Wood requirement: 19x 2x6 boards (inside channel measurement is 1.5") x length of partition
