# DESIGNER STALL COLLECTION HEAVY-DUTY PARTITIONS

Choosing partitions often depends on a few factors, such as the desired level of socialization between stalls, ventilation requirements, whether you require the option to change the size of your stalls as needed, and of course, personal preferences.

**Grilled partitions** are a great way to provide stalled horses with socialization and entertainment. They are an easy way to increase ventilation, thereby reducing the risk of respiratory issues in stalled horses. **Privacy partitions** provide all the benefits of grilled partitions, but also gives horses the option of socialization or privacy, which can be especially important during mealtimes. **Solid partitions** are often used in aisleways, in stalls housing stallions, and in quarantine barns.

They are best used in well-ventilated facilities. You can also opt for a solid partition to directly eliminate defensive behaviour between stalled horses. Feel free to contact us by phone or email to speak with one of our experienced sales reps about your partition options. They will ask you questions about your horses and barn, then direct you to the best options for your operation.

**Includes:** 92 1/4" high stall panel with a 42" high grilled social area on top. Standard length of 120" and 144" or custom sizes available.

**Wood requirements (not included):** 12x or 14x Tongue & Groove Ash boards for 10' or 12' partition

**Includes:** 92 1/4" high stall panel with a 42" high grilled social area on top with a solid 48" private area. Standard length of 120" and 144" or custom sizes available.

**Wood requirements (not included):** 12x or 14x Tongue & Groove Ash boards for 10' or 12' partition

**Includes:** 92 1/4" high stall panel solid to the top. Great for use in stallion areas or boarding barns. Standard length of 120" and 144" or custom sizes available.

**Wood requirements (not included):** 12x or 14x 10' Tongue & Groove Ash boards for 10' or 12' partition or 6x or 7x 12' Tongue & Groove Ash boards for 10' or 12' partition
